

## How to make a FIRMette from the FEMA Map Service Center

January 29, 2025

A FIRMette is an official copy of a small section of a Flood Insurance Rate Map (FIRM). It is suitable for making copies of the FIRM for distribution and flood zone determinations.

1. Go to the FEMA Map Service Center: <https://msc.fema.gov/portal>.
2. Enter an address and click on the search button.
  - A red pin will be placed at the address location.
  - To change the location, use the mouse wheel to scroll in or out, click and drag to pan the map. Click on the map in a different location, the pin will move and center the map on the pin.

Enter an address, place, or coordinates: [?](#)

17 Elkins Ln, Augusta, ME Search

Whether you are a homeowner or not, you may not know this... Because most homeowners insurance doesn't cover flood damage. If you live in an area with low or moderate flood risk, you are 5 times more likely to experience flood than a fire in your home over the next 30 years. For many, a National Flood Insurance Program's flood insurance policy could cost less than \$400 per year. Call your insurance agent today and protect what you've built.  
Learn more about [steps you can take](#) to reduce the risk flood damage.

3. A new window will open showing the whole map.
4. In the lower right corner, use the “+” or “-” to zoom in or out; click and drag using the mouse to pan across the map.
5. Click on the button Create a FIRMette.

6. The Print Area is highlighted, using the mouse, move it to the appropriate location.
7. The print page size can be selected by clicking on the #1 Select Page Size button.
8. Click on the #3 Scale and North Arrow button and adjust as needed.
9. Click on the #4 Title Block button and adjust as needed.
10. Click on the #5 Preview FIRMette button to Create FIRMette.

11. Click on the Preview button.

12. A pop up window will open showing the FIRMette. If it is correct, click the Download button to save it.

13. Select the format to save the map as a PDF or a PNG file.

14. When it has downloaded, open the file.

## MAINE FLOODPLAIN MANAGEMENT PROGRAM

15. The FIRMette will open in a new browser window.

16. Click the Download button and navigate to a location to save the map or print the map.

Additional data is available from the Map Service Center.

- The official map panel number and map date are shown.
- The whole map panel can be viewed and saved.
- Letters of Map Change can be viewed and saved.
- Other available products can be viewed and saved.
