

DEPARTMENT OF AGRICULTURE, CONSERVATION AND FORESTRY  
**MAINE LAND USE PLANNING COMMISSION**

***Proposed Repeal and Replacement of***  
Appendix E, FEMA Maps for the LUPC Jurisdiction with an  
Update to FEMA Maps for Knox and Hancock Counties

*February 22, 2016 Draft*

The LUPC proposes to repeal and replace the *Chapter 10, Land Use Districts and Standards, Appendix E, FEMA Maps for the LUPC Jurisdiction* to facilitate a reorganization of the list by county, and by minor civil division. Other changes to the appendix include adding references to new county-wide Flood Insurance Rate Maps for Knox and Hancock Counties, removing asterisks indicating that base flood elevation data is available, and improving consistency in formatting.

Notes:	BFE – Base Flood Elevation	FIRM – Flood Insurance Rate Map
	FIA – Flood Insurance Administration	FIS – Flood Insurance Study

\* When the current effective date of Chapter 10 is before the effective date of this map, the prior version of the FEMA map, as applicable to these communities, remains in effect until this map becomes effective.

\*\* Indicates that FEMA did not print the map panel, but the community is all in a Special Flood Hazard Area. See the applicable index map, as the base flood elevation varies. These panels must be included in the list even though they have not been printed.
