Insect and invertebrate conservation <https://xerces.org/>

Books

Nature's Best Hope: A New Approach to Conservation that Starts in Your Yard, by Doug Tallamy

Summary article:

https://static1.squarespace.com/static/5bbd32d6e6669016a6af7e2/t/5eff4084894f6b087da50048/1593786509266/Tallamy.pdf?mc_cid=560a9ae749&mc_eid=8f3fe91416

Climate: A New Story by Charles Eisenstein

An interesting view of climate change in the larger context of our social constructs, values and way of life.

Native Trees for Northeast Landscapes: A Wild Seed Project Guide

<https://wildseedproject.net/> Also a lot of great information on native plants and planting on their site.
