

## **A Quick Index to Maine GIS Digital Data**

- **GIS mapping layers can be downloaded from the Maine GIS website.** Additional layers are always being added so please check for the most up to date layers:  
[www.maine.gov/geolib/catalog.html](http://www.maine.gov/geolib/catalog.html)
- **You may also download a free version of Arc Reader from:**  
[www.esri.com/en-us/arcgis/products/arcreader#:~:text=ArcReader%20is%20a%20free%2C%20easy,with%20the%20ArcGIS%20Publisher%20extension.](http://www.esri.com/en-us/arcgis/products/arcreader#:~:text=ArcReader%20is%20a%20free%2C%20easy,with%20the%20ArcGIS%20Publisher%20extension.)

Many of the minimally required maps needed to develop a municipal comprehensive plan are included elsewhere in this packet. Maps that communities most often find are not included are local maps such as; recreational trail maps, sewer/water line maps, existing land use, and a future land use map.
