## Response

**Requester:** Mary Tomlinson ([mary.e.tomlinson@maine.gov](mailto:mary.e.tomlinson@maine.gov))  
**Entity/Affiliation:** Maine **Request Date:** 04/10/2015 **Completion Date:** 04/13/2015  
**Product #:** 000100-00585  
**Product Name:** AATREX NINE-O HERBICIDE  
**PC Code:** 080803 Atrazine  
**OPP Team:** RM 25  
**Risk Managers:** Reuben Baris; Bethany Benbow ([baris.reuben@epa.gov](mailto:baris.reuben@epa.gov); [benbow.bethany@epa.gov](mailto:benbow.bethany@epa.gov))  
**Subject:** Label Restrictions  
**Brief Desc:** label replant restrictions  
**Detailed Desc:** Do label replant restrictions apply if the cover crop will not be harvested as food or forage? In other words, planted for conservation purposes only.

### Response Information

**Responder:** Reuben Baris ([baris.reuben@epa.gov](mailto:baris.reuben@epa.gov))  
**Response Date:** 04/13/2015  
**Response:** Replant/plant-back restrictions apply even if the cover crop will not be harvest as food, feed or forage. The label must be amended to include appropriate application and management directions in cases where cover crops are being use for conservation purposes and will not be use for food or forage.
