RE: Variance Permit for CMR 01-026, Chapters 29 for Vegetation Control on the Fort Kent Levee

Dear Mr. Dubois:

This letter will serve as your variance permit for 2017 for broadcast application of herbicides along portions of the Ft. Kent levee along the St. John and Fish Rivers. Please bear in mind that your permit is based upon your company adhering to the precautions listed in Section X of your application. You also need to receive a new variance if you choose to use any products other than those listed.

I will alert the Board at its June 23, 2017 meeting that the variance permit has been issued. If you have any questions concerning this matter, please feel free to contact me at 287-2731.

Sincerely,

Cam Lay
Director
Maine Board of Pesticides Control
