

# Is Your Well Water Safe?

**Arsenic • Radon • Uranium**

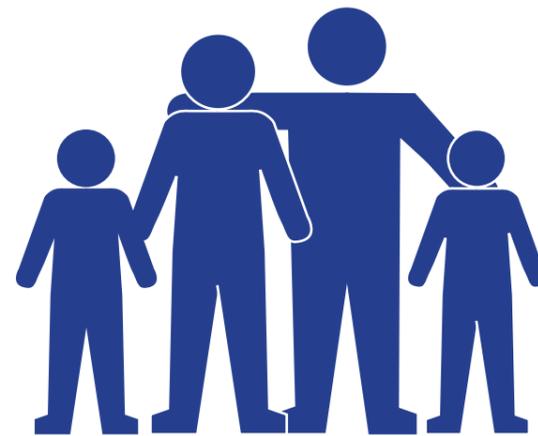

Even if your water looks and tastes fine, it may be unsafe, especially for children and babies.

**1 in 10** wells  
in Maine has  
too much arsenic

**10 minutes**  
is all it takes to  
test your well water

**Test Today**  
Your Well  
Your Health

**Test Your Well Water!**

Your Well. Your Health.

Paul R. LePage, Governor

Maine Center for Disease Control and Prevention
