RE: MIP Bangor Regional Training

VFC Providers,

At this time we have reached our capacity limitation at the Cross Insurance Center for the Bangor MIP Regional Training being held September 21<sup>st</sup>. We are closing registration for this training.

If your staff still need to complete their yearly Continuing Education Requirement for 2017, they have the following options:

1. Take the updated *Storage & Handling* online module from US CDC. The module is about 60 minutes in length. Once the module has been completed, please print off the Certificate of Completion and fax it to MIP. The module is available at:  
<https://www2a.cdc.gov/nip/isd/ycts/mod1/courses/sh/ce.asp> .
2. Participate in a VFC Compliance Visit- If your site has a VFC Compliance Visit scheduled for 2017 and you actively participate, this counts as your Continuing Education for 2017.
3. Attend a MaineHealth Vaccine Training (**only available to MaineHealth affiliated practices**).  
Please fax your Completion Certificate to MIP once the training has been completed.

We appreciate your understanding, thank you for all that you do for the people of Maine.
