Training manual for fluoride varnish

This fluoride varnish training manual from the State of Nevada is available at:

oralhealthnevada.com/wp-content/uploads/2015/02/Fluoride_Varnish_Manual_Nevada1.pdf

Child oral health management modules

A series of seven self-contained modules, provided by Smiles for Life is designed to assist health professionals in managing the oral health of infants and young children. The modules are found at:

<https://www.smilesforlifeoralhealth.org/courses/child-oral-health/>

Open wide: oral health training

A series of four self-study modules -- *Tooth Decay*, *Risk Factors for Tooth Decay*, *Prevention of Tooth Decay*, and *What to Do and How to Do It* is Offered by The National Maternal and Child Oral Health Resource Center to assist health and early childhood professionals. The series is available at **<https://www.mchoralhealth.org/OpenWide/>**

American Academy of Pediatrics - Oral Health

The American Academy of Pediatrics, in partnership with the federal Maternal and Child Health Bureau (MCHB), has implemented the *Pediatrics Collaborative Care (PedsCare) Program, Oral Health Initiative*. The purpose of the program is to promote improved child oral health by offering physicians the tools and support they need to provide community-based, collaborative care. The goal of the first stage of the initiative is to provide training on oral health care. Further information is available at:
