## Water Resources & Shoreland Habitats

### Caribou

*This map is nonregulatory and is intended for planning purposes only*

#### Maine Stream Habitat Viewer

##### Road Stream Crossings

- Barrier
- Potential Barrier
- No Barrier

\*Crossings on private roads not shown.  
 Find crossing details on the Stream Viewer - [beginningwithhabitat.org/maps](http://beginningwithhabitat.org/maps)

- Organized Towns
- Unorganized Towns

- Impervious  
Impervious surfaces including buildings and roads.
- Atlantic Salmon Habitat  
Reflects surveys on selected Maine streams.
- Wild Brook Trout Priority Conservation Areas  
Reflects surveys on selected Maine streams.

- Wetlands  
National Wetlands Inventory (NWI) uses aerial photographs to approximate wetland locations. NWI data typically under represents the presence of wetlands on the landscape.  
Areas are delineated by ME Dep. of Environmental Protection's Mandatory Shoreland Zoning Act, which includes areas within 250 feet of great ponds, rivers, and wetlands, and within 75 feet of streams. The regulations within each shoreland zone depends on the town, and towns may regulate greater areas than what is shown here. For more information, please visit: <https://www.maine.gov/dep/land/slz/>
